

Testimonials from Parents and Students

Mar-Le-Nie has been a safe haven for my daughter. She has had some unfortunate circumstances in her life and Mar-Le-Nie has helped her by building up her self confidence and esteem and provides such a caring and supportive environment. No other dance studio that we have found can compare to what Mar-Le-Nie offers in class instruction and additional workshops and training at a very affordable cost.

Mar-Le-Nie has given my daughter an opportunity to express herself artistically through dance. However, maybe even more importantly, she has been taught responsibility, leadership, patience, focus, maturity, and good character.

I have seen my daughter improve in poise, self-confidence, and skill through her years at Mar-Le-Nie. She does not see "dance class" as exercise but as fun and challenging.

I really appreciate that I do not have to worry about the values that Mar-Le-Nie Dance Studio portrays to my young girl... Songs chosen have appropriate language and message, costumes are beautiful yet modest, and poise and grace are emphasized for behaviors. Dancers pray before their performances. She has additionally learned many types of performance skills, dance and voice through special workshops offered.

My daughter attended Mar-Le-Nie for 7 wonderful, formative years. The amount she learned, including self confidence and poise, is hard to measure. Because of this experience she has been accepted in a performing arts school, specializing in dance. We will always be grateful to Ms. Charlotte and her dedication to the dancers; and to everyone at Mar-Le-Nie for helping our daughter develop into a well-rounded dynamic young lady.

I started out as a shy little girl but now I am a confident dancer. We not only learn different dances and styles, but also dance history and life lessons. Our dance studio is a family because we share new dances and old traditions with each other. Dance has helped me tremendously in school with focus and determination. I also gained responsibility, discipline, and dedication. I would not be where I am today without dance in my life.
